1ST CONTROLLED RELEASE ASIA MEETING

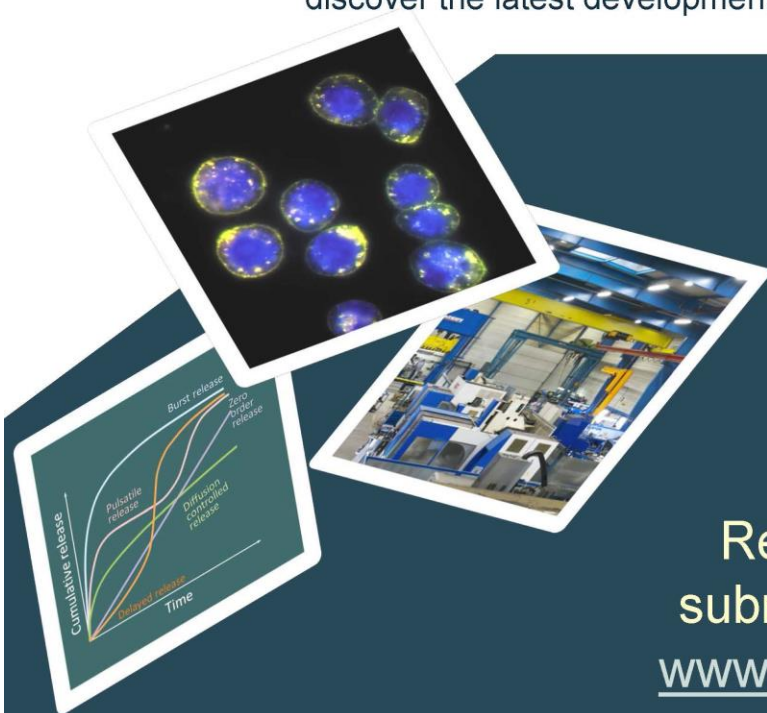

Linking industry and academia in Controlled Release Science and Technologies in the Asia-Pacific Region

Hosted by:

24-25 SEPT 2018
SINGAPORE

The Local Chapters of the Controlled Release Society (**CRS**) from MY, AU, NZ, IN, TW, CN, together with the Controlled Release and Encapsulation Network (**CoRE-Net**) are co-hosting the 1st Controlled Release Asia Meeting, to be held at Biopolis in Singapore. This event will feature an excellent line up of speakers from all areas of Controlled Release, a poster session, and a number of networking opportunities between researchers and industry partners, with representation from local CRS Chapters. This is a great opportunity discover the latest developments in the field.

Registration and abstract submission will open soon at www.controlledreleaseasia.net

Matrix Building, Biopolis
30 Biopolis Street
Singapore 138671
