

New Zealand-Australian Controlled Release Society 2017 Joint Workshop

Recent Trends in *In-vitro*, *Ex-vivo* and
In-vivo Models in Bioactive Delivery

22-23 November 2017
The University of Auckland
Auckland, New Zealand

Suitable *in-vitro*, *ex-vivo* and *in-vivo* models are essential to assess the performance of a bioactive and its delivery system to ensure efficacy and safety which ultimately determines successful clinical translation.

Leading international speakers and national representatives are invited to present their state-of-the-art research. This workshop is tailored to meet the needs of both industry and academia.

For further information:

Dr Zimei Wu | z.wu@auckland.ac.nz

Dr Darren Svirskis | d.svirskis@auckland.ac.nz

Dr Greg Walker | greg.walker@otago.ac.nz

Invited speakers

Professor Kinam Park (Keynote Speaker)
Purdue University, U.S.A.
