

## WEBINAR

# GI Device in a few movements

**Giovanni Traverso, MB, BChir, PhD**

**Friday, June 28, 2019**

**12 PM (EST) – 6 PM (CET)**

Dr. Traverso, a gastroenterologist and biomedical engineer, is an Assistant Professor in the Department of Mechanical Engineering, Massachusetts Institute of Technology, and at Brigham and Women's Hospital, Harvard Medical School. His current research program is focused on developing the next generation of drug delivery systems to enable safe and efficient delivery of therapeutics through the gastrointestinal tract as well developing novel ingestible electronic devices for sensing a broad array of physiologic and pathophysiologic parameters.
