Rahaf Mihyar
RWTH Aachen University Hospital

The CRS YSC

Controlled Release Society Young Scientist Committee (CRS YSC)

MEET THE TEAM

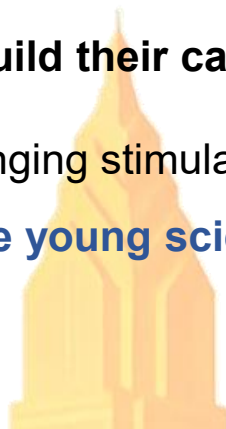

A vibrant and diverse group of **young researchers** from both **academia and industry** under the age of 45 and within 15 years of their first publication, **who drive progress in the science, technology, and innovation of bioactive delivery systems.**

Characterized by **three main pillars:**

- A passion to **overcome challenges** and **innovate** in the delivery of bioactives
- A thirst to **broaden their scientific knowledge**
- A desire to **build their career** and **develop professionally**

Dedicated to bringing stimulating **education workshops** and **new networking concepts** to **meet the needs of the young scientists of the Controlled Release Society.**

Early Career Scientists Meet-Up Station Activities

Booth #412, Exhibition Hall

EARLY CAREER SCIENTIST PASSPORT

Travel the world with CRS
Explore, collect, complete –
and win exciting rewards.

HEADS OR TAILS?

Two questions a day, endless conversations to start
Science gets the chat going,
where you take it is up to you!

BRAINSTORM CORNER

You talk, we listen
The Brainstorm Corner is where
early career scientists shape
what comes next!

POSTDOC SHOWCASE

Where your next postdoc career move starts
Discover, connect, and take
the leap!

YSC/FG Networking Event

Tuesday, July 15

6:30 – 8:00 PM EDT

Near the CRS Early Career Scientists Meet-Up Station

Connect, Collaborate, and Create Memories!

Join us for an exciting evening at the YSC and Focus Group Networking Event! This is your chance to connect with like-minded peers, engage with renowned researchers from around the globe, and build meaningful connections.

Enjoy fun ice-breaking activities, expand your professional circle, and foster collaborations in a vibrant, inclusive atmosphere. Don't miss this opportunity to network, learn, and create lifelong memories!
